3. Vitacost Decaffeinated Green Tea Extract

<https://www.vitacost.com/vitacost-decaffeinated-green-tea-extract-725-mg-200-capsules>

Vitacost Decaffeinated Green Tea Extract Description

*Premium-quality green tea extract standardized to 45% EGCG, 98% polyphenols and 75% catechins. Convenient, once-daily formula! Provides antioxidant protection, and more.**

What is Decaffeinated Green Tea Extract?

Decaffeinated Green Tea Extract is a decaffeinated supplement that supplies the benefits of green tea in convenient capsule form. It features standardized extracts of the herb's active ingredients (EGCG, catechins and polyphenols), ensuring consistent, quality levels in every dose.

Green tea, prepared from the dried leaves of the *Camellia sinensis* plant, is a traditional herbal beverage that's been enjoyed for centuries for its simple, soothing taste and its diverse health benefits.* Green tea is consumed worldwide, but is especially popular in China, Japan, India, Thailand and the U.S.

Green tea is produced by lightly steaming and then immediately drying the tea leaves. This process prevents oxidation and preserves active constituents in the herb. Green tea is a source of polyphenols, particularly the catechin epigallocatechin gallate (EGCG), which offer powerful antioxidant protection.*

Supplement Facts

Serving Size: 1 Capsule
Servings per Container: 200

	Amount Per Serving	% Daily Value
Decaffeinated Green Tea Extract (leaf) standardized to 88% polyphenols, 710.5 mg), 75% catechins (543.75 mg), 45% epigallocatechin-3-gallate (EGCG)(328.5 mg)	725 mg	*

*Daily value not established.

Other Ingredients: Hydroxypropyl methylcellulose, vegetable magnesium stearate and rice flour.

Warnings

14. NaturesPlus Pro Vitamin K Complex

<https://www.vitacost.com/naturesplus-pro-vitamin-k-complex>

NaturesPlus Pro Vitamin K Complex Description

Supplies 2040 mcg of Vitamin K as Vitamin K Complex
Includes K2Vital™ for Unprecedented Quality & Purity
Ideal Ratio of Vitamins K1 & K2 for Greater Bioavailability & Effectiveness
Supports a Healthy Immune Response
Promotes Healthy Calcium Metabolism
Supports Heart Health
Helps Maintain Strong, Healthy Bones

NaturesPlus Super K Complex uniquely combines all 3 types of Vitamin K at scientific ratios and higher potencies to maximize overall activity and to provide balanced utilization.

Vitamin K1 (phylloquinone) is abundant in dark leafy green veggies like spinach and kale, while Vitamin K2 as MK-4 (menatetrenone) and Vitamin K2 as MK-7 (menaquinone) are found in fermented foods and produced in the gut.

Vitamin K is a fat-soluble compound that comes in two forms: K1, which is required for blood to clot properly, and two types of K2, which supports bone and cardiovascular well-being. NP PRO Super K Complex supplies vitamins K1 and K2 in a ratio carefully calibrated for superior results.

NaturesPlus PRO: Nature + Science= PROformance—professional-level products from NaturesPlus!

Supplement Facts

Serving Size: 1 Capsule
